

Make or Break

© 2011 Arlen Trent Rundvall

It's time to make or break
It's time to make or break
Yesterday you kissed me
Today you hissed at me
It's time to make or break

Baby you're in and out the door
Baby you're in and out the door
Baby you're in and out the door
Make me believe in you once more
Make me believe in you once more

You rolled your eyes straight at me
You rolled your eyes straight at me
Is that what you're thinkin
Just watching us sinkin
You rolled your eyes straight at me

Remember the great days
Remember the great days
Think past these fights
Be clear with your sight
Remember the great days
