Papa said careful what you wish for  
The truth will rip you to the core  
Really don't want to be a bore  
That idol was right more more more  
Who wants to stay in school  
I'm no fool get me a record deal  
Royalties mortar my financial seal  
Look at me be the golden mule

I wanna be a rockscar scar me up  
I wanna be a rockscar scar me up

Listen to what I've got to say  
This is the first of glory days  
Ain't no holding me in this rut  
I'm eighteen and full of guts  
See me jump up on youtube  
No granny don't think it's rude  
My skin is my skin and I'm gonna show it  
Shake my passport easy own it

I wanna be a rockscar rip it deep tear me up  
I wanna be a rockscar scar me up  
I wanna be a rockscar scar me up

I want it now want it easy  
Don't want struggle make it breezy  
Be the image hear the beat  
Let the heat of the fans engulf you

I wanna be a rockscar rip it deep tear me up  
I wanna be a rockscar scar me up  
I wanna be a rockscar scar me up

You can be my groupie  
Shower in gold and rupies

I wanna be a rockscar rip it deep tear me up  
I wanna be a rockscar scar me up  
I wanna be a rockstar  
I wanna be a rockscar  
I wanna be a rockscar  
I wanna be a rockscar
